CLEAN LINES, CLEAN FUEL, CLEVER TECHNOLOGY. ECOSMART FIRE IS MUCH MORE THAN A FLICKER OF AN INGENIOUS IDEA. IT'S A COMPELLING REALITY.

EcoSmart Fire's complete collection of versatile and award-winning bioethanol fireplace solutions opens up a whole new world of fire design – whatever and wherever the setting.

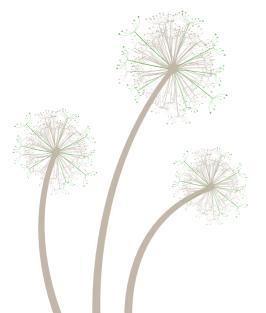

From hand crafted freestanding pieces of fire furniture, to grates for traditional fireplace conversions, through to firebox inserts for built-in custom designs and burner kits for bespoke settings, EcoSmart Fire epitomises the future of fire, today.

YOU CARE FOR THE ENVIRONMENT

You want a beautiful yet powerful flame. A flame derived from a renewable fuel that's safe and clean burning. The EcoSmart Fire ranges are powered by readily available bioethanol. Safe, clean, no smoke and no harmful emissions.

We're focused on safety. For your peace of mind, EcoSmart Fire is the most independently tested brand available today. Our fires are built on solid foundations with a unique operational system supported by accessories that come as standard.

BURNER RANGE

YOU ARE FREE TO BUILD BEYOND THE BOUNDARIES

Crafted from high quality, 304 grade stainless steel, EcoSmart Fire Burners are built to last a lifetime and are designed with intelligence. Available in a multitude of shapes and sizes, burning from six to 20 hours without the need to re-fuel, efficiency is paramount, warmth is all encompassing.

When quality, design, reliability and safety count, you join world-renowned architects and designers in choosing EcoSmart Fire Burners.
